

TUMBLED MARBLE

TUMBLED MARBLE COLLECTION

2X8, 12X12, 18X18

- NSR's Tumbled marble collection is available in White Carrara, Bardiglio Imperiale, Negro Marquina, Botticino Turkish and Ming Green.
- Characterized by a softer surface and uneven edges, tumbled tiles have a worn and rustic look and feel.
- The color on tumbled tiles is more muted than honed or polished, with chips and cracks being common.
- The process for tumbling tile consists of placing the marble tiles into a rubber drum that also includes things like rocks, sand, and water.
- A classic use includes installation of tumbled tiles in a checkerboard pattern, adding a beautiful graphic to any space.

APPLICATIONS

Commercial, residential, interior, exterior, floors and walls. Wet areas when properly sealed.
